## 11TH ANNUAL PIANO FESTIVAL AT SEA LUXURY CRUISE

From the volcanic archipelagos of the Canaries and Madeira, to the bewitching Moroccan coastline, PONANT invites you on an unforgettable 10-day musical interlude, between Las Palmas and Casablanca. As you sail along, the concertos of a line-up of virtuoso artists accompany the parade of majestic volcanoes, jagged cliffs and lush valleys. This journey aboard *\_Le Lap erouse\_*, in partnership with RADIO CLASSIQUE and with the exceptional presence of Alain Duault, will take you into the heart of uniquely beautiful landscapes as well as historic cities with multiple sources of heritage.

Throughout your journey, you will benefit from an excursion included per person per port of call, to choose from a selection offered by PONANT. During this cruise, admire the volcanic and verdant landscapes of Santa Cruz de La Palma, explore the Garajonay National Park, a UNESCO World Heritage Site, from La Gomera, or walk along the *\_levadas\_*, the irrigation channels that were dug out of the mountain by hand in the 19th century, from Funchal. The diversity of experiences on offer promises you intense and varied moments (to discover the full range of excursions, go to the itinerary tab).

From Las Palmas on the emblematic island of Gran Canaria, *\_Le Lap erouse\_* will sail towards El Hierro, the smallest of the Canary Islands. Among other activities, in this peaceful and tranquil haven scattered with volcanic desert and forests of pine and laurel, you will be able to enjoy these vast, untouched, lush spaces during a discovery tour of the island on an electric bike.

You will then sail to lively Los Cristianos, on the island of Tenerife. Succumb to the charms of its atmosphere unlike any other, its mythical Mount Teide, the highest mountain in Spain, and its long stretches of fine sand lapped by the turquoise waters of the Atlantic.

*\_Le Lap erouse\_* will then drop anchor at La Gomera. This tiny island with lush vegetation is a UNESCO World Heritage Site due to its biosphere reserve. This island is also renowned for its whistling language, *\_Silbo\_*, that the inhabitants use to communicate from one valley to another.

Next, Santa Cruz de La Palma will invite you to spend a moment suspended in time. Here, the accent is on authenticity and tranquillity as you succumb to the charms of its unspoilt nature and its unusual architectural heritage featuring traditional Canarian houses with brightly-coloured wooden balconies, sumptuous palaces, and religious buildings.

Your ship will then set a course northward to carry you to Madeira, a paradise for hiking enthusiasts. On this steep island covered in luxuriant vegetation, the variety of landscapes, including sheer cliffs, *\_levadas\_* (Madeiran aqueducts), banana plantations, and the laurel forest - Laurisilva - listed with UNESCO, never ceases to amaze visitors.

As a grand finale, the Moroccan coastlines will reveal themselves. In Safi, the richness of the architectural heritage

## Day 2 - La Estaca, Canary Islands

With its particularly pleasant climate, El Hierro, the youngest of the Canary Islands, invites you to discover enchanting panoramas in an atmosphere of unrivalled calm and serenity. You will be captivated by the untouched natural environment, featuring a majestic volcano, lush forests, sheer cliffs and natural pools. La Gomera rises from the water like a mirage. This volcanic island in the Canaries features jagged cliffs, valleys covered in palm trees, and beaches of black sand bathing in crystal-clear waters. But its greatest treasure lies at its heart: an exceptional laurisilva, a laurel forest whose prehistoric vegetation has been preserved thanks to the microclimate on the island. This unique ecosystem, common a few million years ago in the tropics, forms the Garajonay National Park, listed as a UNESCO World Heritage Site. Like the birds, the Guanches contribute to the poetry of the island too, with their whistled language called Silbo. This magical-sounding, melodious language is also listed as World Heritage by UNESCO.

## Day 5 - Santa Cruz de La Palma, Canary Islands

The capital of the island of Palma, Santa Cruz de la Palma is the pearl of the Canaries. Founded in 1493 by the conquistador Alonso Fernandez de Lugo, the city has preserved a large and atypical architectural heritage from its colonial past, with its traditional Canarian houses adorned with brightly coloured wooden balconies, its cobbled streets, its sumptuous palaces and its numerous religious buildings. The Santa Catalina Castle is the symbol of the city. This 16th century military fortification helped defend the city from repeated attacks by French privateers.

## Days 6 - 7 Funchal, Madeira

This attractive capital of Madeira is located on the southern coast of the island. The walkways of the old town are lined with azulejos, or multi-coloured mosaics. If you follow these patterns, they'll lead you to the appetising Mercado dos Lavradores market stands, the Frederico de Freitas museum, and the golden panelling of the Cathedral de la Se. Along the waterfront, the palm tree-shaded promenade leads you to the telefericos de Monte, Madeira's cable cars. Its panoramic cabins transport you over the city to top of Monte, where you can see the picturesque botanical garden.

## Day 8 - At sea

During your journey at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This journey without a port of call will

also be an opportunity to enjoy the conferences or shows proposed on board, depending on the activities offered, or to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

## Day 9 - Safi

A Moroccan jewel nestling on the western coast facing the Atlantic, Safi's appeal lies in its authentic beauty and soothing atmosphere. This historic port city is renowned for its pottery, making it the Moroccan ceramic capital. Overlooking the city, the Kechla Fortress, built in the 16th century by the Portuguese, has breathtaking panoramic views over the Atlantic. Walk along its ancient ramparts, where the deep blue of the ocean creates a striking contrast. Smell the heady aromas of the spices and allow yourself to be soothed by the sea breeze during this invitation to discovery, where each corner reveals a story, each moment a precious memory.

## Day 10 - Casablanca

Situated along the Atlantic coast, Casablanca is the very image of contemporary Morocco: Westernised and cosmopolitan. Exploring the architectural heritage of the "White City" tells you all you need to know about its cultural and historical diversity. Breathtaking highlights include the majestic Hassan II Mosque, considered to be one of the greatest religious buildings in the world. You can explore the narrow alleys of the old Medina, which stand in sharp contrast to the surrounding modern architecture. To get the most from the seafront, the Ain Diab Corniche provides a pleasant place for strolling with easy access to the beach.
