9 DAY KIMBERLEY DISCOVERY CRUISE

Embark on our most popular itinerary--an adventure-filled journey along the Kimberley Coast, experienced from both sea and sky. This immersive cruise and flight combination features daily explorations, luxurious evenings aboard our intimate vessel (accommodating just 12 guests), a breathtaking 45-minute scenic helicopter flight, and a coastal plane transfer showcasing the vast, untouched beauty of the Kimberley from above. Whilst onboard our vessels, zip through the exhilarating Horizontal Falls, marvel at the tidal spectacle of Montgomery Reef, and stand in awe of the cascading beauty of Kings Cascade waterfall. With expert guides, personalised service, and exquisite cuisine, this journey delivers an authentic and unforgettable Kimberley experience.

ITINERARY

Day 1: Depart Broome

Guests will be picked up by private bus from their Broome hotel location or Airport at 3-3.15pm, setting sail out of Cable Beach at approximately 4.30pm. Once on board, you will have the opportunity to meet the other guests and crew, be shown your accommodation and taken through our safety procedures. Whilst the skipper steams out of Broome, relax with a drink and nibbles overlooking a view of the famous cable beach, the gateway to the Kimberley.

*Please note the itinerary shown is the Broome to Hunter River direction. For guests departing Hunter River cruising to Broome the itinerary is reversed. On day one, guests will be picked up by private bus from your Broome accommodation at 5.30am and transferred to the airstrip to board the plane. After a 2 hour plane flight over the coastline, helicopters will meet you at the Mitchell Plateau and fly through the Mitchell Falls to meet the awaiting vessel at Naturalists Island (Hunter River).

Day 2: Horizontal Waterfalls

Wake up to the delights of Yampi Sound. Start your day with breakfast, then depending on tide, board one of our custom built tenders to collect black lip oysters, or fish the headlands or creeks. Lunch will be served while the MV Diversity II moves through the Koolan channel. We will continue via Dugong Bay into Talbot Bay where you can experience the thrill of the amazing Horizontal Falls. After enjoying a sumptuous evening meal enjoy a restful night under the Kimberley night sky.

Day 3: Doubtful Bay

Awaken to the aroma of fresh coffee and breakfast being prepared. Once you are energized, sit back and enjoy the beautiful steam through Raft point into Doubtful bay. Doubtful bay is the gateway to many waterways each with their own unique landscape and swimming holes. Spend the day pursuing your choice of activities fishing, mud crabbing or exploring the many fresh water swimming holes the Kimberley keeps secret.

Day 4: Montgomery Reef

Depart Red Cone Creek early in the day and enjoy a short steam to nearby Montgomery Reef. Once anchored, guests will enjoy a scenic tour as the reef rises out of the ocean and water cascades into the channel. Guests will then have the choice to fish the run-offs or just take the opportunity to photograph a special part of the Kimberley.

Day 5: Deception Bay

Wake up to Deception bay on the low tide where guests will have the opportunity to fish and gather some Black Tip Kimberley Oysters. Once the tide has risen, the crew will escort guests for a refreshing swim at one of the many fresh water swimming holes. MV Diversity then departs Deception bay steaming north to the mighty Prince Regent River.

Day 6: Cascade Waterfalls

Wake up in the St George Basin and take the tenders up Spit Fire Creek for the

opportunity to catch the prized Barramundi. Once the tide has risen we steam up to Kings Cascade where the skipper manoeuvres the boat under the powerful Kings Cascade waterfall. Guests will have the opportunity to swim and hike the surrounding areas. MV Diversity steams back to Camp Creek for the night.

Day 7: Camp Creek

Once guests have enjoyed breakfast, they will have the opportunity to fish the river for Fingermark Broome and Mangrove Jack. Guests can leisurely explore the Aboriginal Art work of the area. On the high tide the crew takes the tenders up to Camp Creek to enjoy a freshwater swim and the waterfall. MV Diversity will catch the outgoing tide and anchor at Careening Bay

Day 8: Mermaid Tree

Guests will go to shore to view the Mermaid Tree and learn about the rich history of the area. MV Diversity will then steam to the Hunter River to Perosis Creek, for the option to fish or explore the surrounding areas. Guests celebrate their final night with a beach bonfire on Naturalists Island before enjoying dinner back on board.

Day 9: Scenic Flight to Broome

After breakfast guests will disembark the vessel at Naturalists Island, board a helicopter to fly through the Mitchell Falls to the airstrip where you will board a 2 hour scenic flight over the coastline back to Broome. Arrive at your Broome accommodation or Broome airport at approximately 2pm.

For reverse itinerary, guest arriving in Broome will disembark the vessel at approximately 8am in Broome for a transfer by bus back to your accommodation or the airport.

Please note:

Itineraries are subject to change.
