ITINERARY

Day 1: Seward Embarkation

Welcome to Alaska! Today you'll embark on a once-in-a-lifetime adventure. Sit back, relax, and enjoy your first delicious meal on board while familiarizing yourself with your home for the next 11 days. (D)

Day 2: Kenai Fjords National Park

Welcome to the mesmerizing glacial wonderland of Kenai Fjords National Park. Established in 1980, this park safeguards Alaska's glacial wilderness. Covering over 600,000 acres, it boasts stunning scenery, abundant wildlife, and magnificent tidewater glaciers. The park's 936-square-mile Harding Icefield feeds these glaciers, creating awe-inspiring fjords where land and sea intertwine. (BLD)

Day 3: Kodiak Island & Foul Bay

Day 4: Katmai National Park, Kukak Bay

A landscape is alive underneath our feet, filled with creatures that remind us what it is to be wild. Katmai was established in 1918 to protect the volcanically devastated region surrounding Novarupta and the Valley of Ten Thousand Smokes. Today, the Safari Explorer visits the southeast side of Katmai National Park and Preserve where 9,000 years of human history and is home to one of the most important habitats for salmon and thousands of brown bears. Day 6 Aniakchak National Monument & Preserve, Kujulik Bay

No lines, no waiting! Given its remote location and challenging weather conditions, Aniakchak is one of the most wild and least-visited places in the National Park System. This landscape is a vibrant reminder of Alaska's location in the volcanically active "Ring of Fire," as it is home to a massive six-mile wide, 2,500-foot-deep volcanic crater formed during a massive eruption 3,500 years ago. (BLD)

Day 7 Shumagin Islands, Unga Island

Looking at the petrified logs and stumps along the shores of Unga Island, and understanding that they remnants of a sequoia or metasequoia forest buried as a result of volcanic activity millions of years ago is a moment only UnCruise can take you. The petrified forest tells the story of the passage of species between Asia and America, and helps portray the climate and environment of the Aleutian Arc before humans inhabited Alaska. The waters off the Shumagin Islands is known also for catching sights of whales, keep a lookout along the horizon. (BLD)

DAY 8 King Cove or False Pass

Today's adventure will take us to either King Cove or False Pass. The location of sandbars and channels can shift significantly because of the movement and melting of ice, seasonal sedimentation, and erosion in the area; making every visit unique. Skiff, kayak, or hike in these unique landscapes. (BLD)

Day 9 Akutan Island, Akutan Village

Today's adventure will be a fiery one. Welcome to Akutan Island-home of the active Mount Akutan volcano. The volcano erupted most recently in 1992. YOUR SHIP: SAFARI EXPLORER

YOUR SHIP:	Safari Explorer
VESSEL TYPE:	Small Ship
LENGTH:	145 ft
PASSENGER CAPACITY:	36
BUILT/REFURBISHED:	1998

Safari Explorer is designed for upscale comfort in the pursuit of adventure.

This high-end SUV of a yacht is nimble, strong, and loving. The Safari Explorer has what mariners call "feet" that take her into wild areas big ships can't visit. Her performance-built rugged construction means access to faraway regions. But it's what's on the inside that makes this vessel the prize of the fleet. And with only 36 guests on board, the feel is decidedly exclusive. Lovingly called "the Bulldog," she's poised, her interior is a pearl, and the general mood is down-to-earth. In the winter, she bops around the islands of Hawaii soaking up the laid-back aloha spirit--weaving through the islands, ready for bow-riding dolphins. In the summer, she follows the Humpbacks north to Alaska, navigating the inside passage and taking in The Great Land. A protective spirit is infused in every part of the ship, and within the crew. She's made for adventures after all and with them comes inevitable fun and folly.

Three decks accessible to guests are designed for your comfort and sense of adventure. The bridge deck offers the rooftop sun lounge, exercise equipment, hot tub (open during Alaska cruises only), open bridge, and the Commodore Suites. The cabin deck

houses guests in the Navigator and Trailblazer categories, as well as the Jr Commodore and one Admiral cabin. The main deck holds the larger Admiral suites as well as the luxurious common areas.

The dining room features open-seating meals served at table at set times. Unlimited beverages including wines and spirits are included in the price of the cruise. Vegetarian, gluten-free, and dairy-free options are always available, and dietary restrictions are happily accommodated if noted in advance. The main deck also houses the salon and bar area.

Onboard Amenities

Kayaks, paddle boards, inflatable skiffs, hiking poles, snorkel gear. One on-deck hot tub (open during Alaska cruises only), fitness equipment and yoga mats, rubber boots (from women's size five to men's size 12), reusable water bottles, movie and book library, and a full-beam swim step for loading and offloading.
