## ALL ASSAM ON THE BRAHMAPUTRA - INDIA RIVER CRUISE

The mighty Brahmaputra River in Northern India originates high in the Himalayas before flowing through the scenic Assam Valley where UNESCO protected national parks and remote rural communities provide travellers with the most wonderful and authentic expedition.

Sailing 10 nights along this vast and changeable river, those coming from elsewhere in India will feel they have been transported to another world as the riverbanks extend beyond view and occasional sandstorms make it seem like we are sailing through a desert. This expedition continues downstream from Guwahati to Goalpara stopping at a of little visited historical sights of great interest.

Visiting three national Park we sail lazily through Nameri National Park to spot a vast array of birdlife, whilst during a full day jeep safari at Kaziranga National Park, we encounter vast numbers of protected mammals including the Indian One-Horned rhino and spotted twice now, but extremely rare, the Bengal Tiger.

Assam is also home to a deep and colourful culture which we encounter both on land and onboard with dances and performances from local performers, explained by our experienced Assamese guides. This is truly an adventure unlike any other.

All our India expeditions are all-inclusive, with complimentary local beers, spirits, mixers and soft drinks for all guests. Also

included free of charge is select house wines during lunch and dinner only.

## YOUR SHIP: KINDAT PANDAW

<b>YOUR SHIP:</b>	<b>Kindat Pandaw</b>
<b>VESSEL TYPE:</b>	<b>River Boat</b>
<b>LENGTH:</b>	<b>57 metres</b>
<b>PASSENGER CAPACITY:</b>	<b>36</b>
<b>BUILT/REFURBISHED:</b>	<b>2014</b>

The original Kindat was built in 1886 by Yarrows in London and sank in 1920. She was named after a small Upper Chindwin town. Following experiments with the Katha and Angkor Pandaws, in this build we perfected this concept of a two deck shallow draft vessel and repeated the formula again with her sister the Kalaw.

What we managed to produce in 2014 was a very shallow draft vessel that could go just about anywhere anytime that was big enough to carry 30-40 passengers with lots of outdoor deck space. We did this by reducing weight and stripping both hull and superstructure down to the bare essentials.

We had found with the experimental Katha that about half our passengers want to eat outside and the other half inside so we created a flexible bistro space offering passenger indoor or outdoor dining depending on inclination, often prompted by the season. This makes for a very happy ship!

The ship has quality mountain bikes for your independent exploration.
