Day 2 Fly to King George Island and Embarkation

Please Note:

Your charter flight from Punta Arenas to Antarctica will have you crossing the legendary Drake Passage in only two hours. Far below, the ship will approach King George Island for your arrival. Your first glimpse of dramatic Antarctic landscapes will be from a unique perspective, as your plane descends for landing in the South Shetland Islands. After landing, stretch your legs with a one-mile (1.6 km) walk to the shore, before being transferred by Zodiac to your ship to set sail for the Antarctic Peninsula!

Embracing the unexpected is part of the legacy - and excitement - of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.

Days 3 to 6 Antarctic Peninsula and South Shetland Islands

There are few places in the world as evocative as Antarctica. As your ship approaches the White Continent, you may be overcome by feelings of excitement and awe. Antarctica is indescribable and can only be fully appreciated through your own eyes. As your Captain and Expedition Team keep a lookout for whales and seabirds, you'll be alerted to any new sightings. Our team of expert presenters will deepen your experience with explanations of the glaciology, history and wildlife of the region. Even more exciting are your daily excursions. Your first Zodiac landing is something you'll never forget! Walking on a beach dotted with penguins is the most intimate way to experience the unique wildlife of Antarctica. Each landing is different and is dependent on weather, but every day presents new sightings and photo opportunities, and it won't be long before you can tell the difference between an Adelie, gentoo and chinstrap penguin. You may take a Zodiac cruise in search of whales and icebergs one day, followed by a hike to a penguin rookery the next day. From the booming sound of a calving glacier to the thrill of spotting apex predators like leopard seals and orcas in action, you'll wake up early and welcome each day with a sense of adventure and a desire to explore during this unrivaled travel experience. Your Expedition Team will accompany you all along the way, providing insights into the places you visit.

Day 8 Disembarkation and Fly to Punta Arenas

After your week of exploration, you'll say goodbye to your Expedition Team and disembark at King George Island. Your two-hour flight across the Drake Passage to Punta Arenas, Chile, brings your adventure to an end. After your group transfer to the hotel, you are free to explore and enjoy an evening on your own, in the city or at the hotel to reminisce about the sights and sounds of Antarctica.

Stand-up Paddleboarding

Stand-up Paddleboarding, popularly known as SUPing, originated in Hawaii. Quark Expeditions is the first company to bring this watersport all the way to Antarctica.

Sea Kayaking

Positioning yourself in the seat of a kayak is one of the most intimate ways travelers can connect with the polar regions—at water level, up close, where you can touch and feel every polar sensation imaginable. The Sea Kayak Program enables a small group of like-minded individuals to forge bonds as they explore fjords, glacial faces or mazes of sea ice.

Paddling Excursion

Every sweep of the paddle as your craft glides through the pristine polar waters creates an incredible soundtrack: the jostle of glacial ice, the lapping of waves against the rocky shore, the perpetual drip from your paddle, the call of seabirds, and the occasional splash as wildlife break the surface of the water.
