## BEETHOVEN'S ICELANDIC SYMPHONY: A MUSICAL VOYAGE IN LUXURY

On the edge of the Arctic , with its vast glaciers, vertiginous fjords and legendary volcanoes, Iceland offers a simultaneously romantic and wild face. During a unique 8-day journey, in partnership with RADIO CLASSIQUE and with the exceptional presence of Alain Duault, leaving from the world's northernmost capital, Reykjavik , you will fall in love with the enchanting landscapes as well as the singular biodiversity of the western coast of Iceland.

Throughout your journey, you will benefit from an excursion included per person per port of call, to choose from a selection offered by PONANT. During this cruise, explore the spellbinding Snaefellsnes Peninsula from Grundarfjörður, discover the three sites of the Icelandic " Golden Circle" ( Thingvellir , the "golden falls" of Gullfoss, and Geysir) from Reykjavik , or appreciate the grandeur of the Godafoss waterfalls from Akureyri. The diversity of experiences on offer promises you intense and varied moments (to discover the full range of excursions, go to the itinerary tab).

This is a veritable masterpiece by Mother Nature, where you will sail the icy waters of the North Atlantic on a quest for the most beautiful treasures offered by the "land of Ice and Fire". The lush hills and plains that border the coastline here create a stunning setting. Waterfalls tumble down jagged cliffs , their sparkling swell flowing along monumental basalt rocks , putting on a captivating spectacle. The fjords appear majestically, stretching their inlets in a protective embrace around small fishing villages full of colourful houses, while volcanoes and bubbling geysers

will transport you into lunar landscapes like nothing else in the world.

It is a real nature sanctuary, where the vast lush expanses of meadows are home to a myriad of migratory birds that have come from all over the world to nest here, thus creating a melodious concert of spellbinding song. Puffins and gannets , emblematic of this region, gather on the jagged cliffs, with the blue of the ocean as a backdrop. Arctic foxes sneak silently among the grassy valleys and Icelandic horses gallop along black sandy beaches. The ocean's cold waters are teeming with marine life, from humpback whales to orcas; these majestic cetaceans slide gracefully through the waves, providing all their observers with an unforgettable moment.

## ITINERARY

### Day 1 - Reykjavík

Iceland's capital stretches along the edge of a vast bay in the west of the country. Perlan, the "Pearl of Reykjavík", a museum located on 'Oskjuhlíð hill, offers a panoramic view of the lush, green landscapes. A little further, one can easily spot the signpost showing the way to the evangelical Hallgrímskirkja church, and to the historical centre where one can stroll along the Skólavörðustígur and the Laugavegur, two lively streets with charming small shops. For some relaxation just outside of the city, visitors have the opportunity to visit the Reykjanes peninsula and its famous thermal lagoons of the Blue Lagoon.

### Day 2 - Sailing around Surtsey Island

Iceland's capital stretches along the edge of a vast bay in the west of the country. Perlan, the "Pearl of Reykjavík", a museum located on 'Oskjuhlíð hill, offers a panoramic view of the lush, green landscapes. A little further, one can easily spot the signpost showing the way to the evangelical Hallgrímskirkja church, and to the historical centre where one can stroll along the Skólavörðustígur and the Laugavegur, two lively streets with charming small shops. For some relaxation just outside of the city, visitors have the opportunity to visit the Reykjanes peninsula and its famous thermal lagoons of the Blue Lagoon.

### Day 2 - Heimaey, Vestmannaeyjar

This land seated off the southern coast of Iceland is the largest of the Vestmann islands, and is the only inhabited island in the archipelago. The steep Edfell volcanoes and the green prairies of Herjólfssdalur offer rich contrast of nature. On the Stórhöfði road, look out over grey sand beaches and cliffs carved out by the Arctic ocean. From here, you can also see the bronze

landscapes of the mountaintops. You could visit Eldheimar, an ultra-modern and interactive museum which traces the volcanic eruption has experienced Heimaey in 1973.

### Day 3 - Grundarfjörður

This secret boreal hideaway is located at the foot of the Kirkjufell, on Snaefellsnes peninsula. Arriving by boat means you will get a closer view of the lava-stone rock standing like a sentinel at the entrance to the bay; Grundarfjörður lies sheltered behind this cone-shaped rock. A stone's throw from the jetty, crystal clear waters, tundra and beaches give onto the cerulean waters of Breiðafjörður. Scattered with its emerald-coloured lawns, this town, with its buildings that merge into the surrounding countryside, will most certainly win your favour.

### Day 4 - Grímsey

Grimsey is the northernmost island of Iceland surging from the Arctic ocean, with the Arctic circle running through the island. Its contrasted contours are surprising. From Grímseyjarhreppur, the island's only town located on the west coast, then heading due south, you can take in the beauty of the hillsides, lushly carpeted with moss and grass. On the rest of the coastline, imposing basalt cliffs inhabited by sea birds stand proud.

### Day 5 - Akureyri

The elegant city of Akureyri is located very close to the Arctic circle, tucked away in the Eyjafjörður fjord. It displays a stunning palette of colours: blue waters in the harbour, bronze mountain ash on the squares and brightly-coloured houses in the historical centre. As you walk along the cobbled streets, you will come across rows of terraces with wooden furniture. A vast stairway cut into the hillside leads up to the emblematic feature of the town, namely the Akureyrarkirkja church. The very beautiful botanical garden made possible by a microclimate offers the opportunity to discover the

Icelandic flora as well as plants from all over the world.

### Day 6 - Isafjörður

Your ship will take you to the heart of the fjords of North-West Iceland, a wild land of lost valleys and steep cliffs, where man struggles to survive. In this very isolated region we find the Isafjörður fjord, undoubtedly one of the most beautiful in the country, mainly for its relief, forged by many very ancient basaltic flows. The town of Isafjörður, which nestles at the back of its fjord, between imposing mountains, is a delightful little town that lives exclusively from fishing. The capital of the Western fjords, its old wooden houses bear witness to its past as a major fishing port.

### Days 7 - 8 Reykjavík

Iceland's capital stretches along the edge of a vast bay in the west of the country. Perlan, the "Pearl of Reykjavik", a museum located on 'Oskjuhlíð hill, offers a panoramic view of the lush, green landscapes. A little further, one can easily spot the signpost showing the way to the evangelical Hallgrímskirkja church, and to the historical centre where one can stroll along the Skólavörðustígur and the Laugavegur, two lively streets with charming small shops.
