GALAXY SIRIUS GALAPAGOS CRUISE C

Embark on an exciting 6-day Galapagos cruise, exploring the remarkable islands and their unique ecosystems. Begin your journey with a visit to Black Turtle Cove on Santa Cruz, where you can observe marine life in the tranquil mangrove lagoon. On Friday, explore the vibrant red shores of Rabida Island, followed by a visit to the iconic Chinese Hat, known for its distinctive shape and stunning volcanic landscapes. Saturday brings you to Seymour Island, where you can encounter the impressive bird colonies and diverse wildlife. In the afternoon, visit Mosquera, a small islet teeming with sea lions and seabirds. On Sunday, explore the dramatic volcanic landscapes of Sullivan Bay on Santiago Island, followed by a visit to the picturesque Bartolome Island, famous for its panoramic views and volcanic formations. Monday takes you to Genovesa Island, where you can hike through El Barranco, also known as Prince Philip's Steps, to observe the island's incredible birdlife. In the afternoon, visit Darwin Bay, home to a variety of bird species including red-footed boobies and frigatebirds. Finally, on Tuesday, explore San Cristobal Island and visit the Interpretation Center, where you can learn about the archipelago's geological and human history.

ITINERARY

DAY 1 AM: BALTRA AIRPORT PM: BLACK TURTLE COVE

Departure to the Galapagos Islands, arrival at Baltra airport, where our naturalist guide of the National Park will be waiting for you. Black Turtle Cove gets its name from the abundance of green sea turtles, locally known as: "tortugas negras". There is no landing here so you will be doing a boat tour on the dinghies, exploring shallow channels and small coves surrounded by beautiful mangrove forests. Reef sharks, sea turtles and several species rays inhabit this beautiful area which is considered an important mating area for turtles and a nursery for several species of sharks. Herons, pelicans and boobies are also common here as they prey in schools of anchovies. Highlights: White-tipped and black-tipped reef sharks, green sea turtles, rays, herons, blue-footed boobies, mangroves.

DAY 2 AM: RABIDA PM: CHINESE HAT

DAY 4 AM: SULLIVAN BAY PM: BARTOLOME

Rabida is a small island famous for its reddish lava rocks (rich in iron) which gives it a unique look. The beach is also red and hosts a small colony of sea lions. There is a small salt water lagoon where we will see ducks and stilts and sometimes flamingoes. The trail will take you inland to get beautiful views of the beach and the lagoon. Look for Darwin finches, flycatchers and mockingbirds. In the cliffs along the coast you can find Nazca & blue-footed boobies, brown noddies, herons and the two species of sea lions: Galapagos and fur seals. Snorkel: You can snorkel from the beach and explore a sheltered rocky area, which is excellent for fish, sea lions and reef sharks. Look at the high diversity of small invertebrates attached to the vertical walls. Highlights: Red-sand beach, Galapagos sea lions, Galapagos hawks, flycatchers, Darwin finches, Galapagos mockingbirds, ducks, flamingoes. Trail: 2 km / 1,2 mi This small islet is formed by a volcanic cone with a perfect symmetrical shape. It is separated from Santiago by a narrow channel forming one of the most beautiful bays in the islands. Blue-turquoise water and coral sand beaches surrounded by dark lava rocks gives this area a real tropical character, which makes even more surprising finding penguins resting in the rocks. The trail goes along the shore, taking you through a small colony of sea lions. Snorkel: When you swim in this place you will get mesmerized by the incredible colors of the fish and the sleek silhouette of reef sharks and, it is not uncommon to see a penguin darting through the water chasing anchovies like a small torpedo. Highlights: Galapagos sea lions, Galapagos penguins, lava tubes, oystercatchers, Galapagos hawks.

DAY 3 AM: SEYMOUR - A BIRDWATCHER'S PARADISE PM: HIGHLANDS

Seymour Island is a paradise for bird watchers, with large colonies of magnificent and great frigatebirds inflating their red throat pouches in an impressive courtship display. On the ground, blue-footed boobies perform their famous mating dance, while swallow-tailed gulls perch on cliffs overlooking the sea. Inland, land iguanas have thrived thanks to conservation efforts, while marine iguanas bask on the rocks near playful sea lions body surfing the waves.

Begin your Galapagos adventure with a scenic bus ride into the lush Santa Cruz highlands. Walk through a reserve, spotting giant tortoises--some over 600 pounds--grazing peacefully. Discover endemic birds like finches and flycatchers. If included in your itinerary, explore a lava tunnel, a fascinating remnant of the volcanic forces that shaped these islands.

This hike is a journey into understanding the birth of these volcanic islands. You will walk in a very well preserved flow of Pahoehoe lava, which will give you endless opportunities to see the delicate textures of these type of lavas which only appear in a few places throughout the world. At first sight the barren landscape looks completely deprived of life, but look carefully for pioneer plants, lava lizards and small birds. By the shore, you can find penguins, pelicans and oystercatchers. Snorkel: You will have the option to swim or snorkel from a coral sand beach or from the dinghies. Getting underwater is like traveling to another world: if the land is almost lifeless, the sea is teeming with life, including large schools of fish, Galapagos penguins, reef sharks, turtles and rays. Highlights: Pahoehoe lava, Galapagos penguins, oystercatchers, Galapagos hawks. Bartolome is one of the most iconic places in the Galapagos and one of the few where you can see penguins without going to the remote areas of western Isabela and Fernandina. You will get great views of Pinnacle Rock, located in the northern side of the island, right next to a beautiful peach-color sand beach. The hike to the top of the island is fantastic and will offer you incredible views of lunar landscapes with scattered volcanic cones. Many islands are visible from this outlook, as well as the bay of Sullivan and the Pinnacle rock. Snorkel: You will have the option to swim or snorkel from the beach. This area holds a well-deserved reputation of being one of the best snorkeling places in the Galapagos, not only because it's clear and calm water, but also because of the presence of penguins, which are relatively easy to find while snorkeling, along with an incredible diversity of fish, colorful invertebrates, sea lions, turtles, rays and reef sharks. Highlights: Galapagos penguins, volcanic landscapes, Pinnacle rock, blue-footed boobies, herons, sea lions, sharks.

DAY 5 AM: EL BARRANCO PM: DARWIN BAY

El Barranco is located in the southern part of Darwin Bay at Genovesa Island. The cliffs face the sea are made of very fragile fractured lava, making it the ideal place for storm petrel to build their colonies, which attracts an important population of short-eared owls preying of the nesting birds. Red footed and Nazca boobies are abundant along the trail. At the base of the cliffs you can see Galapagos fur seals resting in shaded areas, as well as several species of seabirds. Snorkel: You can snorkel along the cliffs where there are many fish and great chances of seeing sharks, rays and sea lions. Highlights: Nesting great frigatebirds, red footed & Nazca boobies, Galapagos sea lions, Galapagos fur seals, lava & swallow-tailed gulls, yellow-crown night herons, Genovesa ground finch, Genovesa cactus finch, Galapagos mockingbirds. Trail:

1,2 km / 0,7 mi Genovesa is a favorite island for birdwatchers as it is home for very large colonies of seabirds. From the minute you set foot at the beach you will be amazed by the noise of hundreds of boobies, gulls and frigatebirds flying over your heads, perched in the bushes or nesting on the sandy terrain. The trail is an ultimate wildlife experience as there are animals everywhere; sea lions and marine iguanas near the sea; night herons, lava & swallow tailed gulls, Darwin finches, Galapagos doves, mockingbirds and many more species inland. Snorkel: The bay offers several places to snorkel; from deep waters along the cliffs across the bay, to shallow waters by the beach. In either case, there are many fish to see and great chances of seeing sharks, rays and sea lions. Highlights: Nesting great frigatebirds, red footed & Nazca boobies, Galapagos sea lions, lava & swallow-tailed gulls, yellow-crown night herons, Genovesa ground finch, Genovesa cactus finch, Galapagos mockingbirds.

DAY 6 AM: INTERPRETATION CENTER

Located in the outskirts of Puerto Baquerizo, this center is dedicated to the history of human presence in the Galapagos. Since the times of the early Spanish explorers to the present times, including illustrious visitors such as Charles Darwin, this permanent exhibition will take you through the dangers and struggles of the first settlers trying to survive the harsh Galapagos environment. Highlights: Endemic plants, exhibition on human history

YOUR SHIP: GALAXY SIRIUS

YOUR SHIP:	Galaxy Sirius
VESSEL TYPE:	Luxury Catamaran
LENGTH:	36.32 m
PASSENGER CAPACITY:	16
BUILT/REFURBISHED:	2023

Welcome to an unforgettable adventure in the Galapagos Islands aboard the luxurious Galaxy Sirius. Experience exceptional service and personalized attention as you relax in a comfortable, exclusive, and sophisticated atmosphere. Let us guide you on an unforgettable adventure in this dream destination.

Al Fresco. Immerse yourself in the beauty of the Galapagos Islands as you enjoy the sea breeze, socialize with friends, and sip on your favorite drinks. The perfect place to pamper your senses!

Lounge. Relax and unwind in our elegant Living Room. The perfect place to enjoy time at sea with cruise mates, surrounded by style and comfort.

Restaurant. Immerse yourself in an elegant atmosphere as you savor the exceptional cuisine prepared by our expert chefs. This is the perfect setting for an unforgettable culinary journey to indulge in.

Bar. Enjoy the lively atmosphere and socialize with fellow travelers as you sip your favorite beverage or one of our exquisite cocktail creations.

Solarium. Soak up the sunshine and breathtaking panoramic

views as you relax, stargaze, or simply enjoy the cool seaside air from our Sun Deck. The perfect location to embed the luxury that is in nature.

in nature.
