devoted to enjoying this lovely destination.

Or venture into the mountains to visit the archeological discoveries, including tombs and village remains.

Meals Included: Breakfast, Lunch, Dinner

DAY 6 At Sea / Aeolian Islands

Enjoy the day at sea as we sail toward the Aeolian Islands—not only famous for the winds of the god Aeolus, but also for some of the most well-known classical volcanoes. With a bit of luck, we will witness the pyrotechnics of the active volcanic island of Stromboli. Theater. This remarkable theater was built right into the cliffside, overlooking the vast sea below, in the third century B.C. Enjoy a special lunch at a privately owned castle, the Castello degli Schiavi. This impressive 18th-century home was the setting for many scenes in The Godfather films, and we meet members of the family that owns it and explore the extensive buildings and grounds.

Meals Included: Breakfast, Lunch, Dinner

DAYS 8-9 Siracusa / At Sea

Head ashore at Siracusa, one of the most powerful cities in the classical world. Explore the archaeological park, where a well-preserved Greek amphitheater with carved limestone seats is still used today. Paradise Quarry, now an attractive garden and orange grove, was the primary source of that limestone, and is the site of the curious Ear of Dionysius--a huge cave with incredible acoustics. Make the most of your time in port: explore the city's excellent market or explore the adjacent island of Ortigia, where a stunning cathedral was built on the columns of the 6th-century Temple of Athena. Alternatively, take an evening stroll through the city's piazzas. Spend the following day at sea, relaxing aboard the National Geographic Orion, as she makes her way toward Greece.

Meals Included: Breakfast, Lunch, Dinner

DAY 10 Corfu, Greece

Known for its strong cultural heritage, Corfu is home to many of the country's firsts: the first university, theatre, and opera. Learn about the island's history, including its triumphant defense against the Ottoman empire, and spend time around Spianada, the old city's main square--and the largest one in Greece--built in the 16th and 17th centuries by the Venetians. Discover the island's most iconic landmarks and signs of foreign influences. Or, meander through the old town's charming city streets tasting local delicacies such as kumquats and olive oil. Alternatively, spend the day taking in the stunning landscapes of Greece's greenest island exploring the countryside and mountain trails.

Meals Included: Breakfast, Lunch, Dinner

DAY 11 Kefalonia or Zakynthos

Today, your Expedition Leader and local guides will choose one of the many picturesque beaches on the island of either Kefalonia or Zakynthos, bordered by the idyllic Ionian Sea. Soak in the vivid blue waters--a true photographer's delight. Stroll along the shoreline or opt for a swim in Ionian's stunning waters.

Meals Included: Breakfast, Lunch, Dinner

DAY 12 Delphi / Corinth Canal

Visit the UNESCO World Heritage site of Delphi, the center of the ancient Greek world. The ruins here are home to the Temple of Apollo--Greece's most important shrine--where the Oracle of Delphi delivered divine prophecies. Learn about the city's storied past and explore the temple and other important sites. Later, navigate the historic Corinth Canal, slipping between the 300-foot limestone walls that tower above both sides of our vessel. Built in the late 19th century, the canal is too small for most modern-day ships, but the National Geographic Orion is perfectly sized for the transit to the Gulf of Corinth and Ionian Sea.

Meals Included: Breakfast, Lunch, Dinner
