SOUTHERN CYCLADES - GREEK ISLANDS SAILING CRUISE

This Star Clippers cruise itinerary begins and ends in Piraeus, the port of Athens, Greece, taking travelers through the beauty and history of the Aegean and Eastern Mediterranean. Along the way, passengers will visit the ancient sites of Rhodes, Bodrum, and the Dalyan River in Turkey, experiencing a mix of Greek and Turkish culture. Highlights include exploring the beaches of Lindos, the ruins of Halicarnassus, and the unique volcanic caldera of Santorini. With time spent at sea enjoying the ship's elegant amenities and a stop at the car-free island of Hydra, this journey offers both relaxation and adventure.

ITINERARY

Day 1 Piraeus (Port of Athens), Greece

Walking in the shadow of the Acropolis in the Agora, you can almost hear the voices of Plato, Socrates and Aristotle arguing about who was the greatest philosopher. Ancient Athens, the birthplace of democracy and epicenter of western civilization, is a city for all eternity. Piraeus is the port of Athens, just 15km from the city and 45km from the airport.

Day 2 At sea

Each Star Clippers ship offers a traditional and elegant way to see the world. Feel the wind fill the sails and gently carry you from one gorgeous destination to the next. During your time on board, you can choose to relax on a sun lounger or cool off in one of the pools on the top deck, while more adventurous passengers may enjoy the opportunity to climb the rigging or even have a go at steering the ship. Alternatively, you can wander the interior areas of the ship and discover relaxing lounges, a revitalising spa (Royal Clipper

Day 3 Rhodes, Greece

The beautiful island of Rhodes (Island of Roses) has a rich and varied history. The beach at Lindos is among the best on the island, whose capital, Rhodes Town is a bustling mecca for both sightseers and shoppers alike.

Day 4 Bodrum, Turkey

Known in ancient times as Halicarnassus, this was the birthplace of Herodotus and the site of King Mausolu's Tomb (4th century BC), one of the Seven Wonders of the Ancient World.

Day 5 Dalyan River, Turkey

At first glance, this is a picture one hardly expects to see in Turkey - A lovely, unspoiled lake teeming with fish, a lush marshy delta, verdant farmlands, a lazy, reedfringed river meandering into the sea. On shore, you can see ruins of the Lycian city of Caunos, with its basilica and fortifications looming over the green marsh where endangered Caretta loggerhead turtles hatch in the spring.

Day 6 Santorini, Greece

The island of Santorini is perhaps the most breathtaking of all the Greek Islands. Around 1500 BC, a volcanic eruption destroyed the centre of the island, leaving a crescent shaped rim of cliffs around a harbour formed in the volcano's caldera.

Day 7 Hydra, Greece

Hydra is a town of stately mansions all built around 1800 by blockade runners who had made fortunes outwitting the British during the Napoleonic Wars. As there are no cars, for the spectacular view from the Monastery of Ilias you'll have to ride a donkey to the top.

Day 8 Piraeus (Port of Athens), Greece

Walking in the shadow of the Acropolis in the Agora, you can almost hear the voices of Plato, Socrates and Aristotle arguing about who was the greatest philosopher. Ancient Athens, the birthplace of democracy and epicenter of western civilization, is a city for all eternity. Piraeus is the port of Athens, just 15km from the city and 45km from the airport.
