

THE ARCTIC WOMEN'S EXPEDITION: SVALBARD & GREENLAND

Welcome to Aurora's special edition Arctic Women's Expedition: Svalbard & Greenland expedition.

Discover the power of shared adventure on this all-women expedition through the breathtaking landscapes of Svalbard and East Greenland. Designed for women who crave exploration, connection, and inspiration, this special edition voyage brings together a community of like-minded travellers aboard the Sylvia Earle, guided by an all-women Expedition Leadership Team. Cruise among towering icebergs, hike across ancient tundra, and encounter iconic Arctic wildlife, from whales and seabirds to walrus haul outs. Along the way, hear from inspiring female leaders, share stories and laughter, and connect deeply with both nature and each other. Onboard lectures, immersive off-ship activities, and meaningful cultural encounters offer space for learning and reflection. From the volcanic shores of Jan Mayen to the colourful homes of Ittoqqortoormiit, this is a journey into the heart of the Arctic, and the hearts of remarkable women who choose to explore it together. Prepare for an unforgettable voyage of discovery, camaraderie and bold, wild beauty.

ITINERARY

Day 1 Arrive in Oslo

Having made your way to Oslo, you will be met by a representative of Aurora Expeditions and transferred to your group hotel. Upon arrival at your included hotel, please visit the Aurora Expeditions hospitality desk to collect your luggage cabin tags and to speak with our ground operations team, who may have information to share with you about pre-embarkation or to provide you with information about where to dine, withdraw cash or purchase last minute items from a local pharmacy or supermarket.

The remainder of your time is at leisure. All meals today are at your own expense.

Accommodation: Oslo Hotel (to be advised)

Day 2 Fly to Longyearbyen, embarkation

This morning, please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Enjoy breakfast at the hotel before transferring to the airport for our charter flight to Longyearbyen for embarkation. Any valuables or personal items should be kept on you throughout the day. In Longyearbyen, explore the town on a guided tour.

After the tour, you will be transferred directly to the pier to embark in the late afternoon. Settle into your cabin before attending important safety briefings and enjoy the thrill of departure as we 'throw the lines' and set sail.

Note: the excursion is contingent on the arrival time of our charter flight to Longyearbyen.

Days 3-5 Svalbard

Svalbard offers arctic wilderness at its best. The members of our experienced Expedition Team, who have made countless journeys to this area, will use their expertise to tailor our itinerary, choosing the best options based on the prevailing weather, sea-ice conditions and opportunities for wildlife encounters.

Phenomenal fjords, magnificent mountain ranges, and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled-out on sea ice or on beaches. On land, we stretch our legs on walks across tundra carpeted in brightly coloured wildflowers. We visit towering cliffs noisy with nesting guillemots and puffins, and scree slopes that hold Svalbard's largest little auk colonies.

If you have chosen an optional activity such as kayaking, you will have an opportunity to enjoy that activity when conditions allow. For those who are enthusiastic to participate in a polar plunge, as soon as conditions are suitable, you will hear the announcement to prepare for an exhilarating dip - a memory you will savour for years to come.

Days 6-7 At Sea

As we sail towards the coast of East Greenland, we may encounter whales feeding in the rich waters of the north. As we approach East Greenland, be prepared to encounter more pack ice and perhaps spot seals and a variety of seabirds, including the northern fulmar and Brunnich's guillemot.

The strong, icy currents have isolated East Greenland from the Polar Basin, attracting large numbers of fish, seals and whales. Climatic conditions and the concentration of ice in the vicinity often create thick morning fog that only vanishes in presence of the midday sun. Our experts will inform and entertain us with fascinating discussions on plants, animals, ice and heroic tales of exploration.

Days 8-13 East Greenland

In the coming days, a host of choices are available to us, and depending on ice and weather conditions, the east coast of Greenland is ours to explore. Our experienced Expedition Team, who have made countless journeys to this area, will use their expertise to tailor our itinerary on a day-to-day basis. This allows us to make best use of the prevailing weather, ice conditions and encounters with wildlife. We generally attempt up to two landings or Zodiac excursions per day, including cruising along spectacular ice cliffs, following whales feeding near the surface.

Be prepared to experience ice - and lots of it! East Greenland contains some of the Arctic's most impressive scenery. Deep fjords and narrow channels, flanked by sharp ice-clad peaks soaring up to 2,000 metres (6,562 feet), and glaciers birthing gigantic icebergs that drift throughout the fjord system, combine to create breathtaking scenes.

The tundra landscape is home to musk oxen, arctic hare and reindeer. Throughout the area there are ancient Thule archaeological sites, historical trappers' huts, and the cabins of present-day Inuit hunters. A highlight is a visit to the Inuit village of Ittoqqortoormiit, the most isolated and northernmost permanent settlement in the region, with approximately 450 inhabitants. The community has an excellent museum, gift shop, an abundance of Greenlandic sled dogs and provides the opportunity to meet the friendly locals.

We hope to explore Scoresbysund, the world's largest fjord and a favourite hunting ground of the local Inuit. Massive glaciers flow into this fjord, the birthplace of hundreds of majestic Greenland icebergs. It is a spectacular place that simply needs to be seen to be believed. North of Scoresbysund lie

Kong Oskar and Kaiser Franz Josef fjords, two of the most significant fjord systems in Greenland, each one encompassing several smaller fjords and sounds. Thanks to the fertile volcanic soil and the surrounding mountains offering protection from strong winds, the area is rich in wildlife. You may spot everything from musk ox and arctic foxes to mountain hares, and even reindeer, near the fjord. Look skyward and you could catch a glimpse of birds, including the glaucous gull, black-legged kittiwake, northern fulmar, common raven and common eider.

Itineraries are subject to change.

We will attempt to reach Kaiser Franz Josef Fjord, a remote and rarely visited fjord system with countless opportunities for exploration, located within the Northeast Greenland National Park. We hope to cruise through Kong Oskar Fjord, we marvel at the geological beauty of the mountains. We will then head south along the coast of Liverpool Land, with our passage dependent on ice conditions.

We stretch our legs on hikes across tundra in search of ancient graveyards and summer villages occupied 3,000 years ago by Inuit. We may see musk ox, arctic hare and reindeer grazing. The maze of calm, interconnecting waterways in this area provides excellent opportunities for sea kayaking. We will see ring seals, perhaps catch a glimpse of the elusive narwhal, and maybe even a polar bear hunting on pack ice.

Day 14 Denmark Strait

Crossing the Denmark Strait to Iceland, search for whale blows and photograph the many seabirds that trail our ship in the ever-present arctic winds.

Day 15 Disembark in Reykjavik

During the early morning, we cruise into Reykjavik and disembark at approximately 8.00 am. Farewell your Expedition Team and fellow passengers as we all continue our onward journeys. Transfer to Keflavik airport.

Note: At the conclusion of the voyage, we recommend booking flights departing after 12.00 pm on the day of disembarkation in case there are delays.

YOUR SHIP: SYLVIA EARLE

YOUR SHIP:	Sylvia Earle
VESSEL TYPE:	Luxury Expedition
LENGTH:	104 meters
PASSENGER CAPACITY:	126
BUILT/REFURBISHED:	2020/2021

Launching in October 2021, the Sylvia Earle honours renowned oceanographer and marine conservationist Dr. Sylvia Earle. As the first female chief scientist of NOAA and a Time Magazine Hero for the Planet, Sylvia's legacy lives on through this state-of-the-art expedition vessel designed for sustainability and exploration.

Built for challenging waters like the Drake Passage, the Sylvia Earle features the cutting-edge Ulstein X-BOW® for smoother sailing, reduced fuel consumption, and better speed through rough seas. Inside the bow, the stunning Glass Atrium Lounge offers panoramic views.

Between landings, enjoy the heated saltwater open-air pool, jacuzzis, gym, sauna, and optional massages in the Wellness Centre. The ship is fitted with advanced safety features, including dual propulsion systems and a fully equipped medical clinic for remote travel.

A champion of responsible travel, the ship runs one of the world's cleanest marine engines, reducing emissions by up to 80%. Virtual anchoring protects delicate seabeds by avoiding traditional anchors.

Expedition-ready, the Sylvia Earle includes four sea-level Zodiac

platforms for fast and safe transfers to shore. Adventure gear is prepped in spacious, expert-designed activity areas with lockers and drying zones for wetsuits and dry suits--perfect for kayaking, diving, and other optional activities.

activities.
