THE REMOTE RING OF FIRE: EAST OF KOMODO - FROM ALOR TO KOMODO

Sail with us through the Komodo National Park, a World Heritage Site renowned for its rich marine biodiversity in Indonesia's Lesser Sunda Islands, to the Alor Archipelago, an undisturbed realm of white-sand beaches and mountainous landscapes, and rich, authentic culture. We've created an exclusive itinerary that explores the natural wonders and rich cultural traditions of these stunning islands in Indonesia's spectacular Pacific Ring of Fire where you will awaken to volcanic peaks jutting dramatically from the land and sea, seek out the famed Komodo dragon in the wild, snorkel in kaleidoscopic underwater seascapes specially chosen for their marine life, and explore ancient villages and their traditional crafts. Relaxing evenings will perfectly complement our active days as we enjoy the ship's exceptional level of service, fabulous onboard presentations, and tropical sunsets dipping below the horizon.

BE PREPARED TO BE FLEXIBLE

Our mission is to provide the best experience possible for our guests given the current conditions and when unexpected opportunities for adventure may present themselves along our cruise routes. Sometimes weather conditions, tides or other local factors dictate that we need to vary from the published route, and at times there are special opportunities to explore and discover new locations, events and activities. These explorations will always be a definite enhancement to the published itinerary and will be undertaken after discussion and agreement among guests. Ultimately, the boat captains and your tour leader will make decisions to maximize trip safety and

your overall enjoyment, so please come prepared to be flexible!

IMPORTANT NOTE

Because of the flight schedules to Alor from Bali, guests must fly to Alor the day before the journey and stay in a local resort for one night. This overnight stay is included in the ticket price and will be booked on your behalf.

YOUR SHIP: KATHARINA

YOUR SHIP: Katharina

VESSEL TYPE: Yacht

LENGTH:

PASSENGER CAPACITY:

BUILT/REFURBISHED:

Length overall: 38 metres

Passanger Capacity: 14

Led by Captain Ferdi and operated by a crew of 12, the 38-metre Katharina sits low in the water, making her a most beautiful looking boat. Built in 1995 in Kalimantan, her slim hull was originally planned for use as a commercial freighter before she caught our eye with her simple lines and sleek structure. After her 2014 interior refit, her transformation is a conservation exercise back to authenticity of a mighty seafaring tradition. Not only is the Katharina very elegant on the water, she is also fast becoming a classic yacht, as very few of these original designs remain. Accommodating just 12 guests in six cabins, with a salon & bar, two sun decks, and an outdoor dining area, she offers a more intimate experience.
