TORRES STRAIT & CAPE YORK - HORN ISLAND TO CAIRNS

Join Coral Expeditions on a small ship adventure to explore the mystical Torres Strait Islands and the remote coastlines to the tip of Cape York. Share an intimate expedition onboard Coral Discoverer with a maximum of 72 guests that takes in small islands and reefs of the northern Great Barrier Reef, coastal walks along Cape York and the magic and mystery of our rarely seen Torres Strait Islands. With almost 300 islands dotted across the narrow stretch of water between Cape York and Papua New Guinea, the people of the Torres Strait Islands have a distinct and vibrant culture. An expedition by small ship is the ideal way to access these remote regions, visiting uninhabited sand cays, remote islands and pristine reef systems. Our expert guides will share their knowledge both above and below the water. With decades of experience and deep respect for the communities of the region, Coral Expeditions will facilitate an enriching journey accompanied and hosted by local elders who will share the customs and stories of this ancient country.

DAY 4: BADU ISLAND *

In the morning, we visit the indigenous art centre to watch printmakers at work, with the opportunity to purchase prints that catch your eye. Enjoy traditional kai kai (Traditional Lunch) prepared by the local community - a feast of locally caught crayfish, fresh & curried fish. Spend the afternoon swimming at a local beach, hosted by traditional owners.

DAY 5: TIP OF CAPE YORK *

This morning explore historical sites at Albany Island or Somerset. Later, surrounded by glistening sea and bathed in the glow of twilight, we enjoy sundowner drinks and the company of like-minded explorers as we relax and watch the sun gently sink below the horizon at the Tip of Cape York - the northernmost point of the Australian mainland continent.

DAY 6: FORBES ISLAND & RESTORATION ISLAND *

Enjoy a day exploring Forbes Island, an excellent spot for swimming, scuba, snorkelling or glass-bottom boat tours from the pristine sandy beaches. Hear the story of beche-de-mer fisherman Frederick Lancaster who inhabited this island and visit his gravesite. Visit Restoration Island or Resto, as the locals call it. Here Captain Bligh, of the infamous Mutiny on the Bounty, made his first landfall after a long ocean crossing from Tonga, in May 1789. He named it Restoration Island because the food they found (oysters and native fruits) greatly restored their spirits and because that date was Oak Apple Day, the anniversary of the restoration of King Charles II. Today Restoration Island is not just a National Park; one-third of the island is leased to David Glasheen, a former mining tycoon, who, after losing his fortune in the Black Friday market crash, decided to live a solitary existence on the island, and has done so for over 2 decades. It is an idyllic coastal island with a granite and volcanic peak 116 metres in height and a beautiful shark tooth-shaped beach spit where guest will enjoy water activities and time to explore the island.

DAY 7: STANLEY ISLAND, DAVIE REEF & CAY *

Visit Stanley Island in the Flinders Island Group and take a walk to view the isolated Endaen Aboriginal rock art guided by a traditional owner who will offer

an interpretation. The art here depicts the first sailing ships to visit Queensland shores. At Davie Reef enjoy swimming, scuba, snorkelling or glass-bottom boat tours and see Brown Boobie bird colonies at Davie Cay.

DAY 8: REMOTE OSPREY REEF *

Osprey Reef is the summit of an undersea 2,000m mountain located beyond the continental shelf with no landmass visible. Enjoy amazing underwater visibility here, and observe magnificent corals, plummeting drop-offs and many fish in the crystalline waters. Osprey Reef is a highly prized tropical dive location amongst scuba divers, called an 'oasis for living creatures of all kinds' by Sir David Attenborough. Osprey Reef is a true expedition-style destination and our visit is subject to appropriate weather conditions.

DAY 9: LIZARD ISLAND *

Enjoy the breathtaking natural beauty of Lizard Island. Join an optional hike to Cook's Look and be rewarded with exceptional views over the Great Barrier Reef. Learn about the tragic fate of Mary Watson on a walk to her cottage. Snorkel from the beach over giant clam gardens and colourful coral and visit the Lizard Island Research Station.

DAY 10: COOKTOWN *

Discover historic Cooktown, with buildings dating back to the 1870s. Here you will have the choice of a guided indigenous cultural tour, or a guided Cooktown historic tour. You will also have the opportunity for time at leisure to explore Cooktown's attractions which include art galleries, the botanic gardens, James Cook Museum (with original artefacts from the HMB Endeavour), lookouts, and a walk to the top of Grassy Hill. Farewell drinks this evening on a remote island.

DAY 11: ARRIVE CAIRNS *

Our incredible adventure of Australia's North comes to an end. Arrive at Cairns at 8am.
