VOYAGE TO THE HEART OF THE AMAZON - RIVER EXPEDITION CRUISE

This is a true expedition voyage and we explore far into the wilderness into some of the most untouched rainforest in all of the Amazon. We venture far up the least inhabited major river in the Amazon Basin on our expedition vessel, the Motor Yacht Tucano. Weaving in and out of small channels on the Rio Negro, we explore areas very rarely visited and seek out the mysterious life of the wilderness that stirs in the forest and in the heart of wild nature.

Voyage to the Heart of the Amazon is the most thorough, detailed, and sophisticated trip offered in the entire Amazon. Our guides are accomplished naturalists and we see creatures almost never seen by other visitors. The trip is rather like being on a time machine in that we are able to visit places that have not changed for millions of years. Truly the trip of a lifetime.

ITINERARY

Days 1 - 3 The Rio Negro

In our well equipped expedition boat The Motor Yacht Tucano, we explore far up the least inhabited river in the Amazon, The Rio Negro. We explore the forest by foot or in our launches, go for swims in the cleanest water in the world, visit with local settlers that live deep in the forest, and spend a great deal of time hunting for and observing the greatest collection of wildlife on earth.

Day 4 Rio Jauaperi

The exact order of the days and specific features may be altered due to navigational and other scheduling considerations.

We arrive at extraordinary river called the Rio Jauaperi and spend the day in this unspoiled and lovely rainforest area.

Day 5 Rio Negro

Today we will voyage to the west side of the Rio Negro and continue to scout in our launches and walk in the forest. We will explore according to the weather and water depth areas rarely visited by anyone else. Tonight the M/Y Tucano goes downstream and river depth permitting, will enter an east bank affluent of the Rio Negro and explore on deep into the rainforest on this small river. After our nocturnal exploration of the rainforest in our launches and we return to the Motor Yacht Tucano for "Caipirinha Night" on and perhaps try a bit of samba on the top deck. (BLD)

Day 6 Rio Negro

We begin the day with a dawn excursion hunting for wakening wildlife followed by a full Brazilian breakfast. We will then go one last time into the forest. In the mid-afternoon we will begin to journey downstream to arrive late in the day at the "Encontra das Aguas" a stark several mile long line where two of the world's largest rivers, the Amazon and the Rio Negro join in a turbulent maelstrom. Here the dark water of the Negro runs beside the opaque brown water of the Amazon. At sunset the M/Y Tucano will once again turn her bows upstream on the Rio Negro and journey to our overnight anchorage north of the City of Manaus. As we pass in front of Manaus, we will marvel at the scale of one of the world's largest and most vibrant port cities, that is over one thousand miles from the sea. Tonight we will have a farewell dinner and prepare for an early departure in the morning. (BLD)

Day 7 Manaus

Disembark from the Motor Yacht Tucano in Manaus, Brasil.

Please Note:

Please note that the day to day schedule must be considered approximate.

YOUR SHIP: TUCANO

YOUR SHIP:	Tucano
VESSEL TYPE:	Expedition Cruise
LENGTH:	24 metres
PASSENGER CAPACITY:	18
BUILT/REFURBISHED:	1997 / 2018

In the first week of September 2018, the Motor Yacht Tucano, based in Manaus, Brasil, was relaunched after a substantial refit. In addition to the physical rebuilding, all of the expedition cruise activities were re-imagined and revised to enable travelers themselves to choose how they will be exploring the depths of the Amazon rainforest.

Among countless small improvements to help the vessel stay new and inviting, the construction phase included an full rebuilding of the main salon and dining room. Where previously the sides of the vessel had solid walls with windows, there are now glass panels that make the Motor Yacht Tucano larger, brighter, and more stylish. At certain times of day, the walls of the salon are opened and travelers can enjoy the flower-scented breezes of the Amazon as well as experiencing an intimacy with the rainforest that cannot be had in a enclosed space.

In order to enhance the sense of elegance of the vessel, the staterooms on the M/Y Tucano were fully refinished and redecorated. The decorative style retains the feeling of a classic yacht with polished brass and highly varnished wood panels, but this ambience was enhanced by the installation of new fixtures and a refinishing. Many new artworks, commissioned for the

vessel, were placed in the staterooms. To amplify the sense of style as well as to pamper the explorers, the stateroom amenities were also refashioned to luxury standard. The M/Y Tucano now features 700 thread count Egyptian cotton woven by Brazil's premier luxury manufacturer, Artelasse. Each stateroom also has a bit of France via L'Occitane shower and bath kits.

bath kits.
