EXPLORING COSTA RICA'S NATIONAL PARKS AND PRESERVES: GUANACASTE, SANTA ROSA, AND RINCÓN DE LA VIEJA

On this six-day voyage in Guanacaste, guests are surrounded by breathtaking natural beauty. From picture-perfect beaches to hidden jungle waterfalls, enjoy the diversity of the Guanacaste Conservation Area, one of the oldest and largest UNESCO World Heritage sites. This remote part of Costa Rica is overflowing with wild allures. Over millennia, eruptions from the Arenal Volcano have created hyper-rich soil that nurtures a unique tropical dry forest. More than 30 rivers wind their way through this swath of green, pumping nutrients into the surrounding waters, which in turn nourish healthy, vibrant reefs that invite exploration.

ITINERARY

DAY 1: San José, Costa Rica / Puerto Caldera / Embark

Upon arrival in San Jose, the capital of Costa Rica, transfer by land to Puerto Caldera and embark our ship the National Geographic Quest. Enjoy a sunset dinner on board as we chart a course for the Guanacaste region on Costa Rica's Pacific coast. (D)

DAY 2: Zapotal Beach / Bahia Huevos

Drop anchor off remote Zapotal Beach, where we'll spend the morning soaking up the sun or snorkeling in waters fringed by offshore islets, which create outstanding habitat for a variety of tropical fish. Or choose to walk along a rarely used four-wheel drive track, which takes us back into a beautiful gallery forest. The area is rich with bird and plant varieties, and our naturalists describe the intricate web of life in these oceanside ecosystems. After lunch on board, we cruise north to the Papagayo Peninsula, dropping anchor in Bahia Huevos. Our Zodiacs take us on an exploration of the bay and the peninsula. If conditions permit, we drop kayaks and paddleboards and explore the nearby mangroves (B,L,D)

DAY 3: Santa Rosa National Park / Guanacaste Conservation Area

Weather permitting, don a snorkel and fins to discover a rich underwater world or hike into the upper reaches of the Guanacaste Conservation Area for commanding views over the full length of this rarely visited archipelago. Back on board, we sail toward the mainland while enjoying a delicious lunch. Depending on conditions, we may choose to explore Santa Elena Bay in Santa Rosa National Park, Junquillal Wildlife Refuge, or Cuajiniquil Bay, all part of the extraordinarily biodiverse Guanacaste Conservation Area. While venturing out by kayak or taking a relaxing Zodiac cruise, we immerse ourselves in the tropical environment, alive with color. Yellow and black great kiskadees sally from exposed perches looking to capture a flying insect for an evening meal, and orange-fronted parakeets chatter overhead. Predators such as mangrove hawks may take wind, setting out on a late afternoon hunt, while ringed kingfishers, richly colored in brick red and deep blue, wait patiently, watching the shallows for a fish's silvery flash. (B,L,D) **Please note: National Geographic Quest will sail to Nicaragua overnight where necessary immigration requirements will be completed prior to returning to Costa Rica on Day 4

DAY 4: Rincón de la Vieja National Park / Hacienda Guachipelin

Our adventure today continues as we set off inland to explore Rincon de la Vieja National Park. This mountainous region is also a part of the Guanacaste Conservation Area and encompasses more than 34,000 acres. The area, with its forests carpeting the sides of two active volcanoes, is alive with geothermal activity as gurgling, bubbling mud pots spout and steam rises above the canopy. Choose between several enticing options today including a hike through the transition zone where tropical dry habitat meets the temperate

cloud forest. Here, we keep an eye out for exotic wildlife, with the possibility of encountering mantled howler monkeys and regionally special birds including the noisy and conspicuous white-throated magpie-jay. Alternatively, after a short hike into the forest, opt to swim below Las Chorreras Waterfall. Or choose to ride horseback across lush meadows, or soar through the canopy by zipline before enjoying a sumptuous lunch served poolside at Hacienda Guachipelin while local marimba gu

DAY 5: Curu National Wildlife Refuge / Isla Tortuga

Along the coast of the Nicoya Peninsula, and in many ways demarcating the line between the wetter jungles of the south and Guanacaste's drier environment, sits Curu National Wildlife Refuge, Costa Rica's first private national wildlife reserve. Learn about the hundreds of species of birds, reptiles, and mammals that inhabit this thriving ecosystem while exploring the park's tracks and trails. Here we look for white-faced capuchin monkeys, turquoise-browed motmots, and with luck, scarlet macaws. The northern tamandua resides here, and while often elusive and quiet, this primarily arboreal member of the anteater family may be spotted. Later, as we enjoy lunch on board, we cruise to a cluster of offshore islets collectively called Isla Tortuga. Choose to stand-up paddleboard, kayak, or simply relax on the beach shaded by swaying palms and tropical vegetation. As the sun begins to set on our Guanacaste adventure, a waterside barbecue dinner awaits--the perfect way to finish our voyage. (B,L,D)

DAY 6: Puerto Caldera / Disembark / San José / Home

Disembark after breakfast in Puerto Caldera. Drive to the airport in San Jose for flights home. (B)

YOUR SHIP: NATIONAL GEOGRAPHIC QUEST

YOUR SHIP:	National Geographic Quest
VESSEL TYPE:	Expedition Ship
LENGTH:	72 metres
PASSENGER CAPACITY:	100 guests (in 50 cabins)
BUILT/REFURBISHED:	2017

Designed with decades of expedition experience in the region, National Geographic Quest more than comfortably accommodates 100 guests in 50 cabins. Her twin expedition craft landing platform allow us to rapidly get on and off the ship to take advantage of wildlife sightings and to ensure we maximize our time off the ship exploring. Created with a shallow draft, Quest draws only nine feet of water allowing her to sail into places where much larger ships cannot go.

PUBLIC AREAS: Global gallery; fitness centre; LEXspa; lounge with full service bar and facilities for films and presentations; observation deck; mudroom with lockers for expedition gear, and a partially covered sundeck with chairs and tables. Our 'open bridge' provides guests an opportunity to meet our officers and captain and learn about navigation.

MEALS: Served in single seatings with unassigned tables for an informal atmosphere and easy mingling. Breakfast is a wide selection buffet and dinner is served family-style. Menu emphasises local fare.

CABINS: All cabins face outside with windows or portholes, private facilities and climate controls. Some cabins have balconies.

EXPEDITION EQUIPMENT: Expedition landing craft, a fleet of 24 kayaks, Remotely Operated Vehicle (ROV), hydrophone, splashcam, underwater video camera, video microscope, snorkelling gear for all guests (where applicable).

SPECIAL FEATURES: Guest internet access, elevator, National Geographic certified photo instructor, a video chronicler and undersea specialist.

WELLNESS: The vessel is staffed by a Wellness Specialist and features a gym with an elliptical machine, treadmill, exercycles, handweights and resistance bands. Treatments in the LEXspa are available by appointment.

ppointment.
